

Bilaga 3: Studier som har exkluderats i sista granskningssteget

Nedanstående studier har exkluderats i det sista granskningssteget. Att en studie har exkluderats i detta steg innebär att den saknar vissa kvaliteter eller karaktärsdrag som skulle ha behövts för att den skulle kunna bidra till att besvara översiktens frågor. Det betyder dock inte nödvändigtvis att den har bedömts hålla en låg kvalitet rent allmänt, i förhållande till sitt eget syfte.
